

**Day 2**

**0**

Nov 11th

Install python and notebook and introduction to the python

Nov 25th

Presentation about Project

**PRESENTATION ABOUT THE PROJECT**

workflow and Text Extraction

Discussed about assignment presentation

## Day 3

0

Nov 12th

learnt about the python keyword and naming convention

Nov 26th

Creation of Virtual Environment

Creation of Virtual Environment

overlapping concept

learnt about Tracking and related information

## Day 4

0

Nov 13th

learnt about the variables and agile sheet and what are condition for getting the intership completion certificates

Nov 27th

introduction to Tech Tools required for this project

introduction to Tech Tools required for this project

introduction to clause identification

Regulatory update Tracking System and Assignment presentation

Day 5

0

SP

Nov 14th

data types and different ways to store values in variables

Nov 28th

Project Presentation Session

Project Presentation Session

discussed clause Extraction

Executed demo 2 and 3 code and building

**Day 8**

**0**

Nov 17th

Discussion about range().function and its cases ,if flow control

Dec 1st

overview about prompt engineering

**Prompt Engineering**

Disussed about Assignment

Contract Modification and Ammendment Engine

**Day 9**

**0**

Nov 18th

loops and functions

Dec 2nd

AI, Data Science, GEN AI,fundamentals of LLM

Ai,DataScience,GenAi,fundamentals of llm

Risk Analysis Engine

Revised Milestone3 topics

## Day 10

0

Nov 19th

fpython function and their types

Dec 3rd

Learned about LLM and Groq API key

Learned about LLM and Groq API key

Discussed run and pipeline codes

Implementation of milestone 3 code

Day 11
0
Nov 20th
learnt modules and keyword
Dec 4th
Hands on implementation of Demo code
Groq API Hands on implementation
Practised milestone 1 and 2
Practised Milestone 3 demo codes

Day 12	Day 13
0	0
Nov 21th	Nov 22nd
oops concept	constructor and instance variables
In	
Dec 5th	Dec 6th
Packages and workflow milestone 2	Revised Prompt Engineering
Packages and workflow milestone 2	Revised all previous
Regulatory update Tracking	Worked on assignment
FeedParser and Milestone 3 execution	slack integration

Day 14

0

Nov 23rd

revised the topics

Dec 7th

Practiced Demo codes

weekly revision

Worked on assignment

practise of slack integration
